

Training Update

Update from Regional Head of Education, Dr Allison Miller

It's hard to believe that it has been two years since we started with GP Synergy. This year has just flown by, and here at the Wollongong office we have been very busy.

This year we have had 15 registrar education days, mostly in our new facility, with three days in Sydney at the Fusion workshop. One of the joys for me has been seeing past registrars coming back to present topics to existing registrars. These former registrars are now established general practitioners with a wide variety of skills and interests that they are keen to share.

I have enjoyed meeting so many supervisors at the workshops this year. We have held two supervisor workshops in Wollongong, and two in Bega. Topics this year were 'Planning for teaching', 'Navigating GPRime', and 'Critical reasoning'. In 2018 we will continue to have these workshops, with the planned addition of a workshop in Goulburn in May. The supervisor workshop in Sydney after the General Practice Education and Training Conference was also a great success, and it was wonderful to see many of you there.

I would like to take this opportunity to say thank you. Firstly, thank you to the supervisors and practice managers of the South Eastern area. The past two years have been a transition time, but I feel that things have settled. Thank you for your patience, and for sticking through the tough transition time. We appreciate all the time and effort that goes into training the registrars in your practices.

The staff in our Wollongong office have been a great support this year. The office staff has grown from five to nine since we first moved in. Staff from medical education, events, education support, human resources, clinical teacher visitor programming, media and the Aboriginal cultural education unit are all situated in our office. We are a diverse but functional group, and I would like to thank all of the staff for their hard work and enthusiasm.

The appointment of Dr Lucie Stanford as deputy regional head of medical education has enhanced our medical education team. We have eight part-time medical educators, and one registrar medical educator. The medical educators are doing an excellent job of keeping in touch with registrars to advise on training, providing education to both hospital and in-practice registrars, and looking after their own educational needs. Thanks go to all of the medical educators for all of their hard work.

I wish everyone a joyous Christmas and a safe and Happy New Year, and look forward to working with you again in 2018.

Practice census

You have recently been sent an email by GP Synergy requesting some information about your practice.

The Commonwealth Department of Health have commissioned us to conduct a state-wide census of general practice facilities to better understand capacities for medical training in your region to assist the Department of Health and its agents in medical training and health workforce planning.

This census takes less than five minutes to complete.

In recognition of your support, on completion of the survey you are invited to download a summary of your responses to the survey and a Population Health Summary Report for your region. NSW/ACT GP Synergy awards 2017

Each year GP Synergy presents awards which recognise outstanding achievement and commitment to quality general practice education and training. This year's recipients were awarded at the recent seasonal celebration and award nights held across our subregions. We warmly congratulate all recipients on their achievements.

➔ Dr Jeremy Bunker Outstanding Achievement Award **Professor Parker Magin**

Excellence in GP training can only be achieved if supported by a strong evidence-base, and this award recognises the instrumental role Parker has played in establishing the GP Synergy Research and Evaluation Unit. Parker has led the unit and its collaborators in activities including the ReCEnT project, GP Synergy research projects, professional development for staff and supporting academic registrar posts.

➔ NSW/ACT Dr Charlotte Hespe Research Award **Dr Bosco Wu**

Bosco has been completing his academic post with the Australian National University – Academic Unit of General Practice, his complex qualitative research is exploring and understanding how empathy develops through medical training and how the practice of empathy in the clinical environment may be protective or a risk factor for emotional fatigue and burnout in GP registrars.

➔ NSW/ACT RACGP Registrar of the Year Award **Dr John-Alec Tynan**

John-Alec obtained the highest Royal Australian College of General Practice exam scores in NSW and ACT in 2016/2017. As a registrar his approach was pro-active and hardworking, maintaining a high standard of medicine and being an advocate for general practice. John-Alec was also always ready to support registrars less experienced than himself through their training.

➔ NSW/ACT ACRRM Registrar of the Year Award **Dr Edward (Ed) Lee**

Based in Mudgee, Ed is committed to rural general practice. Originally from Sydney, a recommendation from his supervisor in Mudgee set him on the path to becoming a GP obstetrician. As the youngest GP obstetrician in Mudgee he recognises his stake in the future of obstetric services, and is involved in a number of hospital-based committees dedicated to continuous improvement.

➔ Practice Manager of the Year Award – **Ms Gail Lloyd**

Gail has recently had her 20th anniversary at the Junction Street Family Practice in Nowra. Over that time the practice has grown, as has her role. Over the practice's 14 years of training registrars, Gail has enjoyed the enthusiasm and eagerness of registrars to learn, and her role in making it an enjoyable and worthwhile experience. Gail's knowledge of GP training has been described as "a huge asset to both the practice and GP Synergy".

Chinese delegation welcomed

In November we were pleased to host a delegation of medical educators from the Hainan GP Association in China.

The delegation visited Australia for ten days to explore the general practice system and gain insights into potential ways to make improvements to the training of GPs in Hainan.

The team had the opportunity to attend a GP Synergy supervisor workshop to see training in action, and to see the value and important role GP supervisors play in training the next generation of GPs.
