

Business Analyst

- Full-time position, 12 month maximum term contract
- Liverpool office location
- Friendly and well supported working environment
- Salary packaging available
- ASAP start

About us

GP Synergy is a leading provider of general practice training funded by the Australian Government to deliver vocational training to doctors seeking to specialise as general practitioners across NSW and ACT from 1 January 2016.

We are committed to building a skilled general practice workforce by delivering a high quality education and training program that is responsive to regional population health needs.

Our organisation is underpinned by our values - respect, excellence and initiative.

The role

GP Synergy is seeking a committed and experienced Business Analyst who shares our values, to join our IM/IT team in our Liverpool office.

Reporting to the Business Systems Manager, the Business Analyst is responsible for driving high level analysis and strategic advice to support IT application services delivery and planning across a portfolio of complex initiatives.

The primary function of this role is to develop and deliver IT changes to the business units and IT ensuring that business/user requirements are understood and articulated for correct solution and implementation in an agile environment.

The Business Analyst is also responsible for conducting detailed investigations, analysis and evaluation of functional and non-functional requirements, identifying issues, risks and benefits that are then consolidated and submitted for consideration by customers and stakeholders.

Selection criteria

To be considered for this opportunity, it is essential that applicants meet the following criteria:

- Tertiary qualifications in Information Technology
- Extensive experience in a Business Analyst role designing custom systems
- Knowledge in gathering and analysing data in support and translation of business 'use cases'
- Demonstrated knowledge of SDLC, ITIL and business processes in a customer service environment
- Strong knowledge of Agile business analysis principles including writing proper user stories and acceptance criteria
- Current unrestricted motor vehicle licence and own transport.

Further information
